

Templates for felt board shapes

Christmas Tree Felt Patterns

This are not to be used for any commercial purposes.

Print the patterns cards and the template. Using the template, make shapes out of felt to match the pattern cards.

You will need 6 of each of the red, blue and green ornament balls, 4 candy canes and 6 yellow stars.

To make the tree and candy canes, use fabric glue to attach the pieces together.

Help your kids match the patterns on the cards with the felt pieces you make.

Thanks so much for your support of my site!
