Difficult roads lead to
beautiful destinations.

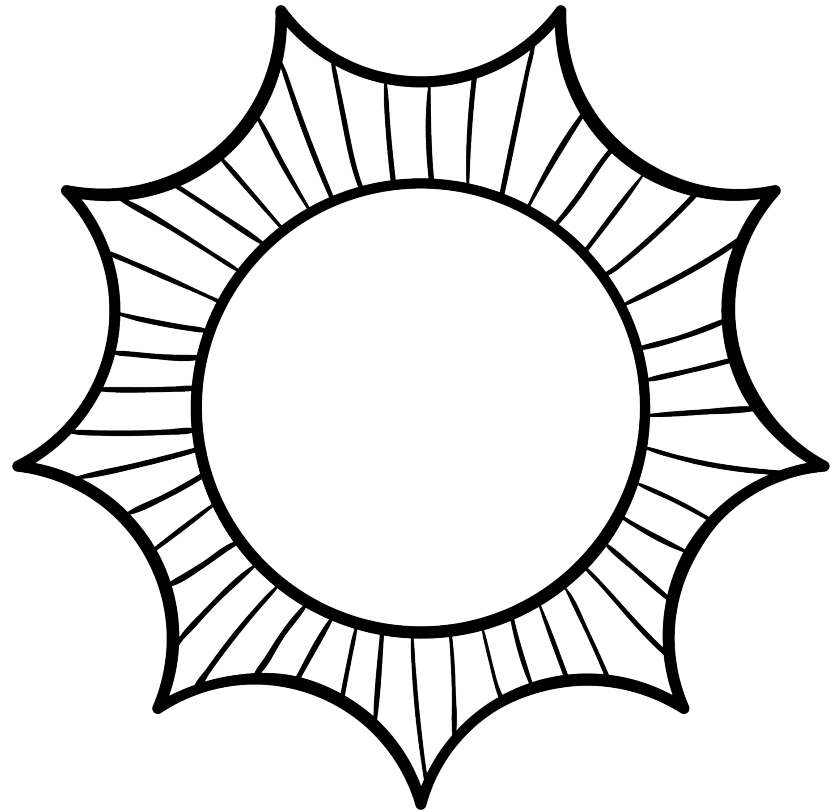

Happiness is not out there, it's in YOU!

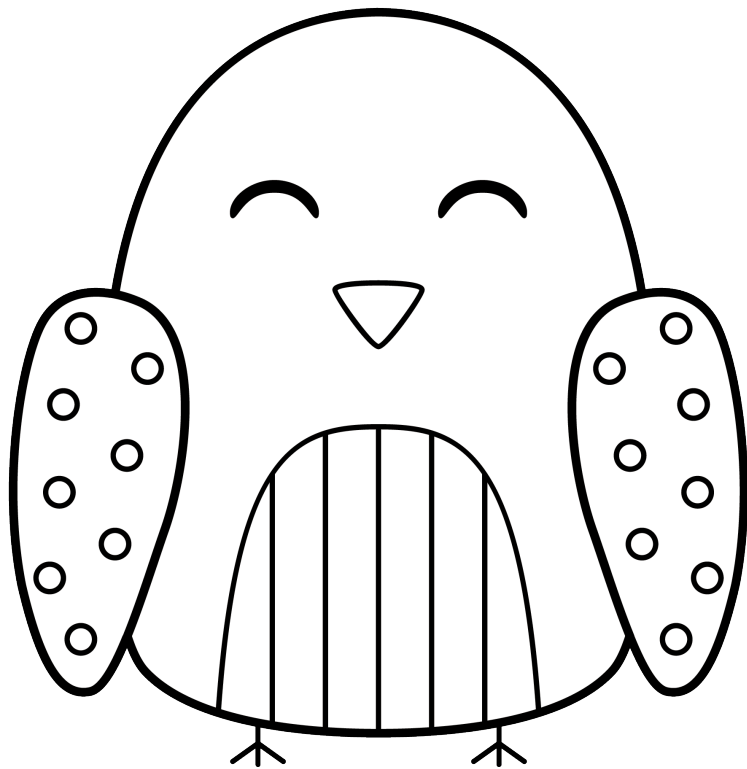

Happiness is enjoying the little things in life.

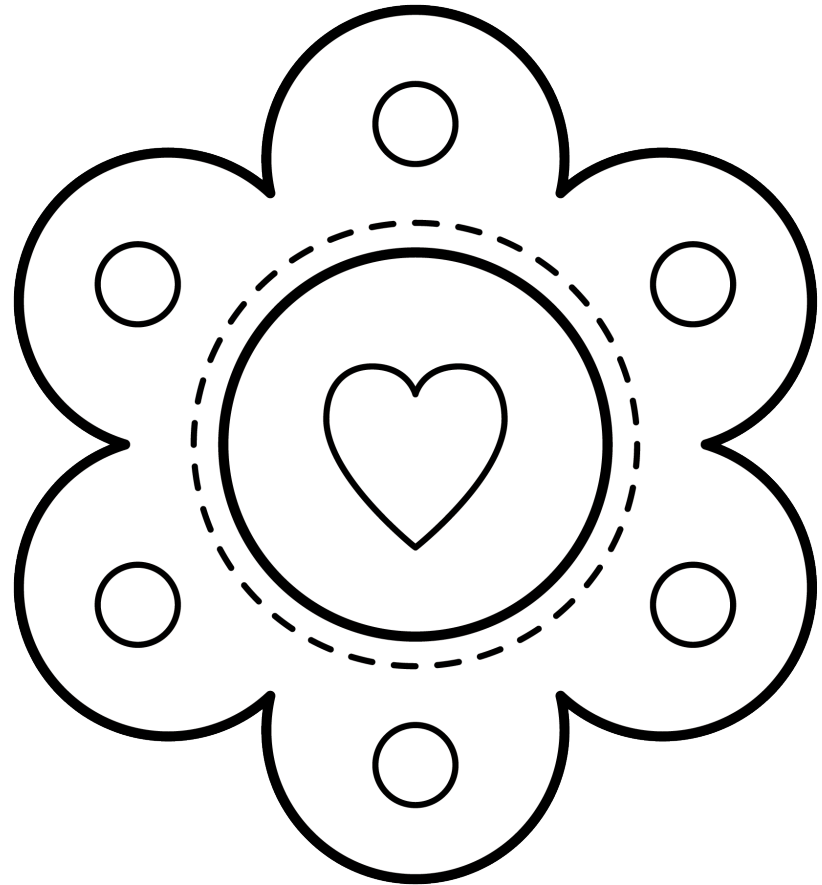

Today is the perfect day to just be happy!

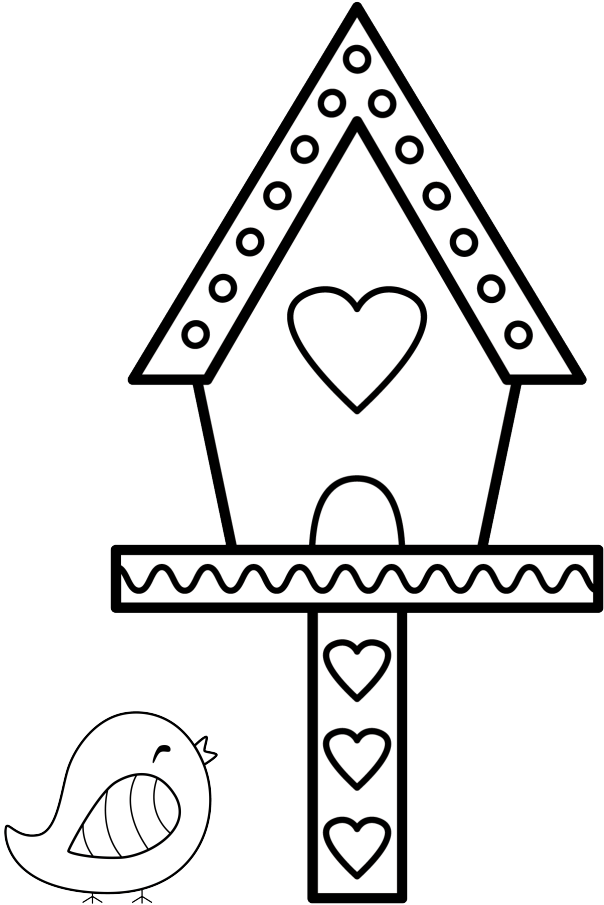

A smile is happiness you will find
right under your nose.

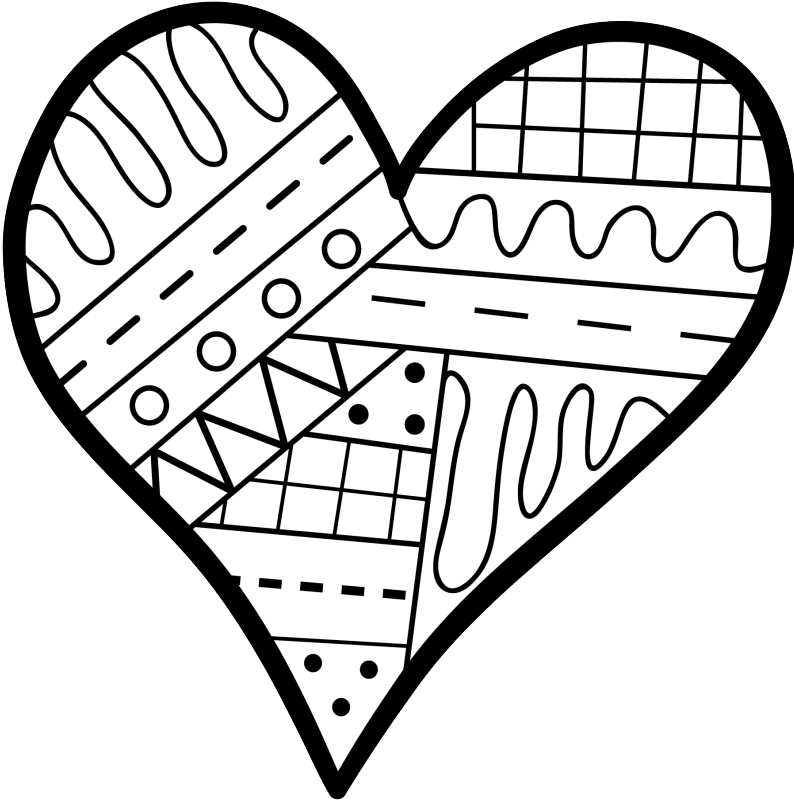

Be happy. Be bright. Be you.

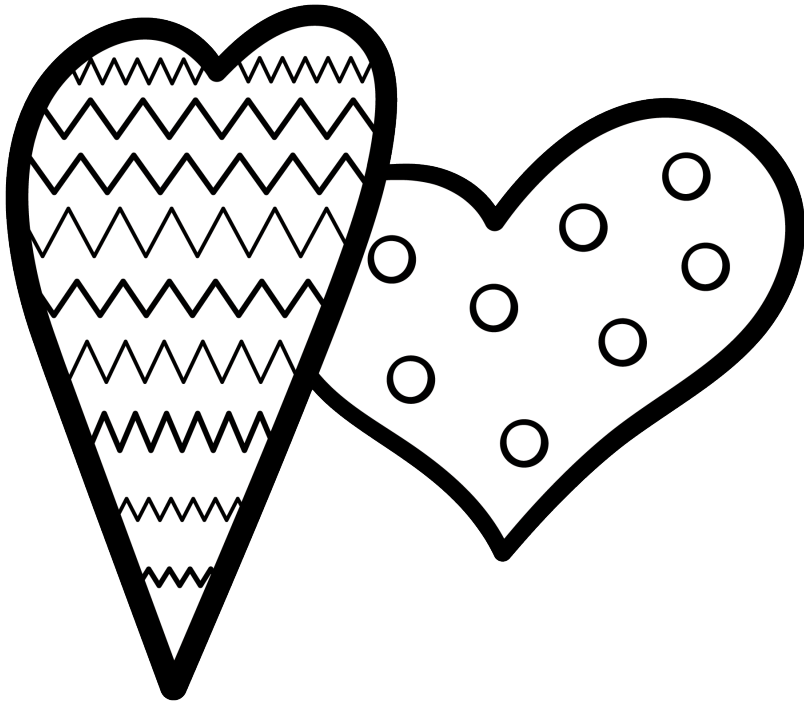

Most smiles are started by another smile.

There are so many beautiful reasons to be happy.

Spread love wherever you go. Let no one
ever come without leaving happier.
- Mother Teresa

Every day may not be good, but there is
something good in every day!
